Lap Sponsorships Available for 358 Modified Tour Finale, Sportsman and Pro Stock races at Northeast Nationals

BROCKVILLE-It's just under a month to the first ever DIRT Northeast Fall Nationals at Brockville Ontario Speedway. The Beast of the East will close out it's 40th anniversary season on October 17th and 18th with the first of its kind event featuring Super DIRT series finales for the 358 Modifieds and Pro Stocks along with a tour race for the DIRT Sportsman, an open 360 Sprint car event and also a Street Stock invitational.

The track is now offering lap sponsorship packages for all three Super DIRT Series events. The track is hoping to have every lap for the 358 Modifieds, Sportsman and Pro Stocks sponsored by fans, businesses or race teams with the driver leading the lap pocketing the 25 dollars. The sponsors will also be recognized in a special brochure that each fan that attends the first annual DIRT Northeast Fall Nationals will receive. Businesses that are interested in getting involved with heat races and consi events are also more than welcome to call the track office at 613-348-3998.

Brockville Ontario Speedway would like to thank season ticket holders, tower room holders and reserved seat holders for their continued support. The BOS will include the Fall Nationals as part of the existing package for 2009 as a thank you for their support.
